

### WRITING PART 1.1

You have recently started work in a new company. You received a letter from one of your friends, Rebecca. She asked you about your new job.

*How are you doing these days? I have just come back from a business trip. I heard that you have changed your job. I know that you had a well-paid job, so what made you decide to change? Please tell me about your new job. What do you have to do every day? Are you happy with it? What are your new colleagues like? Hope to hear from you soon.*

Write a letter to Rebecca. You should write at least 120 words.
