Giving instructions

C Put the lines of the conversation in the correct order.

Then, type in your personal information: your name, your country,....

Hey, Carl. I don't know how to create an email account. Could you help me?

OK, so I've clicked "New user? Click here". Now what?

After that, choose the username and password you want.

I've just chosen the username and password. What's next?

The last thing you do is to click on "Create account", and that's it.

No problem. To start, click "New user? Click here".

Ok. I typed in the information.... And then?
