

# Main Idea

Read each passage. Drag and drop each main idea to the correct passage.

The farmer wakes up at sunrise to milk the cows. Then, the animals must be fed. There are fields to plow and crops to plant or harvest. Other jobs include baling hay, cleaning stables, and fixing tractors and other farm machines. The farmer never has a day off.

Most of the food we eat comes from farms. They provide the world with fruits, vegetables, and meats. Farms also produce milk, cheese, and yogurt. Farms help take care of the land and supply jobs to farm workers. The world wouldn't be the same without farms.

There are many interesting things to do on a farm. You can ride horses and milk cows. You and your friends can jump in the hay or explore the barn. There is plenty of open space for running and playing. A farm is one of the best places to be!

Living on a farm is fun for kids.

Farms help us in many ways.

Running a farm takes a lot of hard work.
