

LEVEL 4 - QUIZ 1

Name/ Surname: _____ Class: _____ 100 / _____

A. Read the text and answer the questions. (2x5=10 Pts.)

The Purcell School of Music in Watford, England, isn't an ordinary school. It's a school for young people who are very good musicians. There are 175 students at the school, aged from 9 to 18 years old. Some students live at the school and some go home every day after they finish their classes.

All the students in the school must practise their musical instruments every day for six hours! Students learn to play **more than** one musical instrument and some also learn how to write music. Students also study normal school subjects like English, Maths and Science, but music is always at the centre of everything that happens at the school. There are over 150 concerts at the school every year and parents can come to watch their children perform.

For students at the Purcell School of Music, music is the most important part of their daily lives. This is why many of the students of this school become famous musicians after they leave.

0. Where is the Purcell School of Music? It is in Watford, England.

1. How many students are there in The Purcell School of Music?

2. How many hours a day do the students practice?
