Vocabulary and Speaking

Geography and landscape

- 1  1.49 Look at the information about seven places.
Listen and repeat the words in blue.

WHAT ARE THE SEVEN NATURAL WONDERS OF THE WORLD?

THESE ARE THE PLACES OUR READERS CHOSE!

1 THE GRAND CANYON, USA

This **canyon** in the middle of a **desert** is nearly 2 km deep! You can go rafting down the Colorado **River** at the bottom of the **valley**.

2 THE GREAT BARRIER REEF, AUSTRALIA

In the Pacific **Ocean**, near the **coast** of Queensland, this coral **reef** has over 1,500 different kinds of fish!

3 THE AMAZON RAINFOREST, ECUADOR

The world's biggest **forest** is full of plants and animals, which are disappearing as people cut trees down.

4 THE DEAD SEA, JORDAN

This is a **lake** of salty water which you can float in. On the **beach**, there is a special kind of mud which people put on their bodies!

5 THE NIAGARA FALLS, CANADA

At Niagara there are three different **waterfalls**. About 5 million litres of water go through them every second!

6 TABLE MOUNTAIN, SOUTH AFRICA

This **mountain**, which is flat on top, has steep **cliffs** you can climb, and all kinds of wildlife.

7 THE BLUE CAVE, GREECE

Inside this **cave** on the Greek **island** of Kastelorizo the water is a beautiful deep blue.

02

Complete the table with the blue words
from exercise 1

desert

beach

valley

waterfalls

ocean

mountain

coast

cliffs

reef

cave

forest

island

lake

land	water
canyon	river
1.	1.
2.	2.
3.	3.
4.	4.
5.	
6.	
7.	
8.	
9.	

03

Match the seven places with their right photos.

Places
1. The Grand Canyon
2. The Great Barrier Reef
3. The Amazon Rainforest
4. The Dead Sea
5. The Niagara Falls
6. Table Mountain
7. The Blue Cave
