

Read the talk. Correct the errors that have been underlined.

Good morning, everyone. I am going to tell you how the students in SMK Batu Nilam help the flood victims of Kampung Satu. We collect money from parents and teachers using donation cards. The money was use to help them get essentials that they needs, like medicine, clothing and food. We also managing to get parents to donate other things, such as unused personal items. Many parents giving away clothes, blankets, towels and bedsheets. We also donates dry foodstuff. Canned food, instant noodles, rice and sugar were the most popular items. While we is doing all these, some senior students even invites the villagers to their homes for a meal. The students feeling good after carrying out this project.
