

## WRITING

## First e-mail

Your school is organising a summer camp in Cadaqués. Your class is going to spend two weeks at the camp with students from a British school. To prepare the summer camp, your teacher has started an e-mail project with them.

Write the first e-mail to your British partners. Write between 30 and 50 words. You can tell them:

- |  |  |
|--|--|
| a. How old are you?                      | d. What's your favourite school subject? |
| b. Where do you live?                    | e. What's your favourite food?           |
| c. Have you got any brothers or sisters? | f. What do you do in your free time?     |
