

Project: Endangered animals

Make a group presentation about an endangered animal. You can do it in power-point, google slides, video or any other tool you like.

The presentation must include:

1. Describe the animal. Say what it can/can't do.
2. Where does it live? In what country/continent? Show it on a map.
3. Say something about its habitat. Is it a desert/jungle/savanna/rainforest?
4. What does it eat?
5. What predators try to eat/kill this animal?
6. Why is this animal endangered? What do humans do?
7. What can we do to protect the animal?
8. Mention interesting facts / curiosities about the animal.

Due date: 4th May
