

Story of Tom

Tom is ten years old. He lives with his grandparents in a village. He is very mischievous and he never follows rules.

Tom eats five meals every day. His grandmother prepares breakfast, lunch, tea break, dinner and supper for him every day. He does not like to eat vegetables. He eats only meat with his meals. He also drinks a lot of soda. He hates to drink milk. His favourite food is fried chicken.

Tom does not exercise. He plays computer games every day. He usually eats two bars of chocolate while playing computer games. Sometimes he eats three bags of chips. His grandfather always advises him to jog at least once a week but he does not listen. Tom sleeps only five to six hours every night. His grandparents are worried about him because he is not living a healthy lifestyle.
