Dr Hogan likes fish. He loves very big fish. He isn't a fisherman. He's a scientist. His job is to study fish in different places around the world – for example, in the Okavango Delta in Botswana. That's Dr Hogan's favourite place. He's from a big city in Arizona. It's a very hot, dry place. He doesn't like cold places very much. Does he like wet places? Well, he likes water! He loves swimming and scuba diving in his free time. He also likes wildlife shows on TV and coffee!
