

Worksheet Listening 7

Two extracts

You will hear two different extracts. For questions 1 – 4, choose the best answer a, b or c.

Extract One

You will hear two people talking about bush fires.

1. What did the man know that the woman hadn't known about?
 - a. There aren't many bush fires in Australia.
 - b. Forest fires are actually quite common.
 - c. Firefighters often use fire to put out forest fires.
2. What do both speakers agree about?
 - a. Forest fires are sometimes necessary.
 - b. Carelessness causes fires in four out of five cases.
 - c. These days, fires are managed better than they were before.

Extract Two

You will hear two people discussing the habits of the parasitic emerald cockroach wasp.

3. Why is the cockroach wasp extraordinary?
 - a. The female lays her eggs on the body of another insect.
 - b. The larva buries itself inside the cockroach as it is safe there.
 - c. The wasp larva uses its own secretions to clean the cockroach.
4. What do the wasp larva secretions consist of?
 - a. Antibiotic liquids that kill the cockroach
 - b. Chemicals needed to kill harmful substances in the cockroach
 - c. An antiseptic and antifungal liquid that cleans up its food

Lenny Worthington
