## Kepentingan Petroleum

Arahan :Perhatikan gambar dan lengkapkan kegunaan petroleum

A diagram illustrating the uses of petroleum. At the center is a yellow circle labeled "Kegunaan Petroleum". Five red arrows point from this central circle to five different images, each in a dashed border with a blank label box below it:

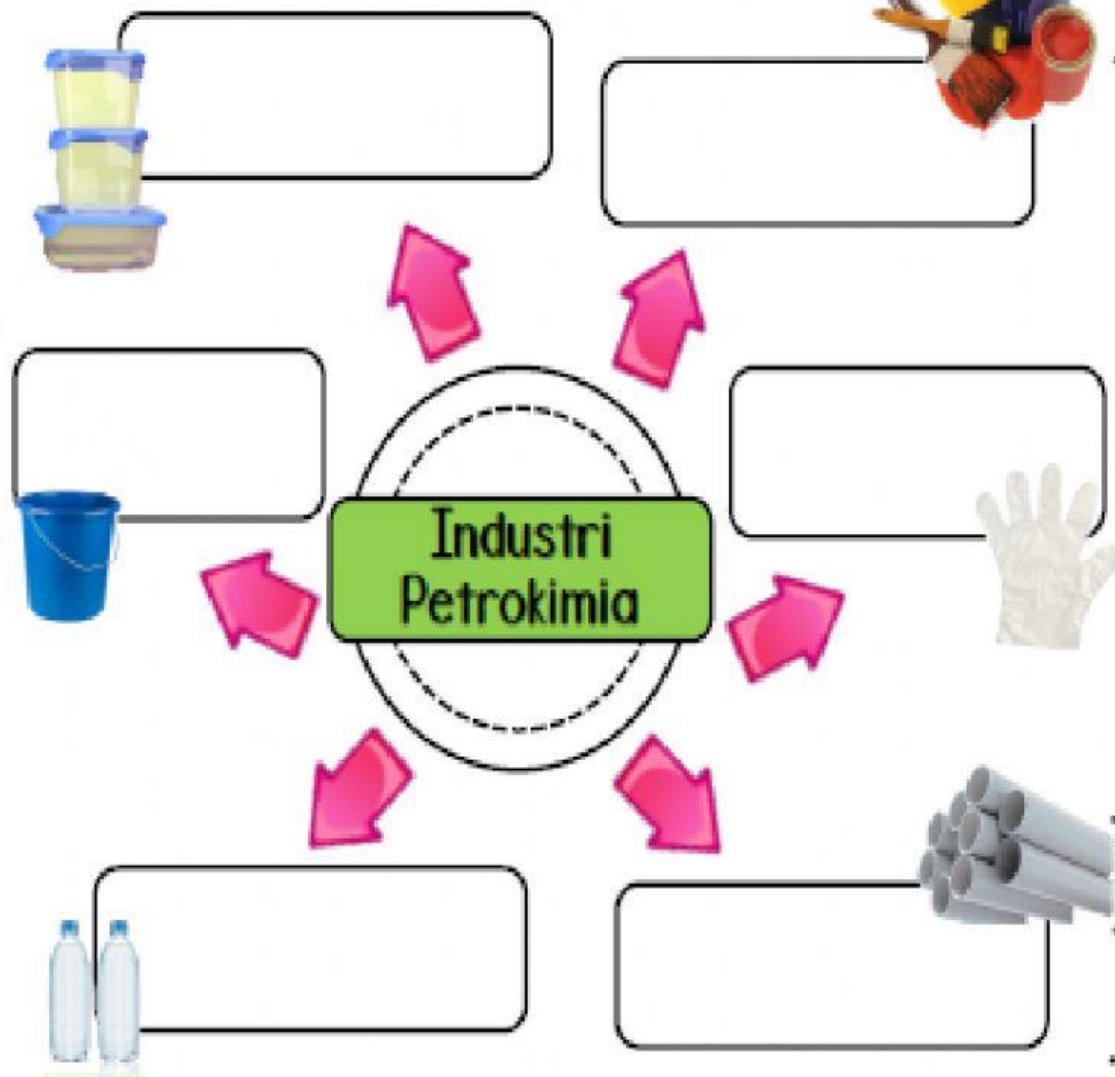

- Top-left: A woman in a yellow dress opening a car door.
- Top-right: A hand pouring green oil into a motorcycle's engine.
- Left: A row of six colorful plastic bottles (yellow, green, pink, yellow, orange, green).
- Right: Three black oil barrels, one of which is tipped over with oil spilling out.
- Bottom-left: A yellow road roller paving a road.

Below the central circle, there is a vertical list of five uses of petroleum, each in a grey rectangular box:

- Jalan tar
- Minyak pelincir
- Produk petrokimia
- Minyak tar
- Bahan api kendaraan
