

CADILLAC SEDAN DE VILLE

Lesson 9

Activity 1: Label the parts of the car.

WINDSCREEN

STEERING WHEEL

BRAKE PEDAL

SEATS

WINDOWS

WHEELS

WINDSCREEN

FINS

Activity 2: Find these words in a dictionary. Use Lingee or Word Reference. Remember they are all related to cars.

Electrically powered windows

Electrically powered antenna

Automatic transmission

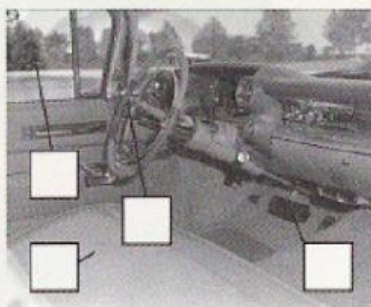

Power steering

Automatic cruise control

Activity 3: Read the text. Then, write the numbers of these parts.

The Sedan de Ville has all the advanced engineering features of a 1959 Cadillac. It has power brakes and electrically powered windows. Its radio has

an electrically powered antenna*. An electric switch locks and unlocks all the doors from the driver's seat. Driving is easy with its automatic transmission, and it has power steering, so parking is easy too. There's a heater for cold weather and air-conditioning for hot weather. And the Sedan de Ville is powerful. It has an 8-cylinder, 390-in³ (6.4-litre) engine and a 21-gallon (80-litre) fuel tank. With the Sedan de Ville, you can save money on fuel because it has automatic cruise control.

- | | |
|------------------|---------------|
| 1 wheels | 5 windscreen* |
| 2 steering wheel | 6 brake pedal |
| 3 seats | 7 fins |
| 4 windows | |

Does it have a gear lever*?

windscreen **BrE** – windshield **AmE**

gear lever **BrE** – stick shift **AmE**
