

Helping people to belong

As part of our work on Global Perspectives, we are exploring the topic of living and working together. We want to find out about the size of family groups, and how people spend time together.

We would be very grateful if you could help your child to complete this questionnaire.

Please also provide a photograph of the people your child lives with, either as a group or individually, for a class display. Thank you.

1. Who lives in your household?

Name	Relationship to child	Favourite activities
e.g. Anita	e.g. Mother	e.g. Watching films, listening to music
