Extreme sports activities

My siblings and I have been talking about 1..... that we would love to try out one day. There are 2..... interesting extreme sports to try out like 3....., flying fox, kayaking and rock climbing. So if we have a chance, we would love to try 4.....

This extreme sport can be tried 5..... or in a group. This extreme sport allows the players to enjoy 6..... and the full speed of airflow while flying. My siblings and I can counter our 7..... of gravity and heights. At the same time, we can also enjoy 8..... from the scenic environment as we 9..... through the area.

This extreme sport is definitely 10..... because it is handled and provided by the 11..... who have many years of experience in training the adventure sports and recreational activities. Of course, to try out the flying fox, we must put on 12..... like series of ultra-strong cables or zip lines that attached to the body by a harness and pulley, the 13..... of 1m and 1.8m, 14....., swing rope, a helmet and a pair of 15.....

I hope my siblings and I would have a chance to try out this fantastic extreme sport. It would be great to be able to spend 16..... with our family.
