Task 3

- In this section, you will hear an interview about the benefits and drawbacks of different generations living together.
- Your task is to give short answers to the questions (17–24) using the exact words you hear. Complete each statement with no more than three words.
- Write your answers in the spaces provided next to the numbers (17–24). There is an example (0) at the beginning.
- First, you will have time to look at the task, and then we will play the whole recording in one piece.
- Then, after a short pause, you will hear the recording again, but this time we will play the text in shorter sections to give you enough time to write down your answers.
