

**NEW PT3 SAMPLE READING PAPER**

**Part 1 Short Text MCQ**

Read the text carefully in each question. Choose the best answer A,B or C. For each question, mark the correct answer A,B or C.

Dear Raru,  
My father bought a lot of fresh prawns from the market. My mother asked me to give her an idea on what to cook. I searched for all kinds of recipes and I am lost. Can you suggest to me a simple recipe?  
Thanks. Juija

1 After reading Juija's message Raru should

A share with Juija a simple dish

B share with Juija a simple recipe

C share with Juija on tips to cook prawns

I love to play video games since it is interesting. I have a huge collection of video games. I am also planning to add some new series into my video game list. I play video games during my break after studying or completing my homework

2 The writer in the text is expressing

A his or her hobby

B his or her work

C his or her skills

Gam : Ali lets join the Drama club  
Ali: Sorry Gam I am not interested to join Drama club  
Gam : Why Ali?  
Ali: I don't like literature and I am also not good in English  
Gam : It's okay Ali, you can learn .  
Ali: I am really not keen Gam.

3) From the conversation above Gam is

A trying to ask Ali to speak in English

B trying to ask Ali to learn Literature

C trying to ask Ali to join Drama club

Good morning students ,  
The topic for today is on natural disasters, famous disasters , a natural disaster in New Zealand.I would like all of you to share your knowledge about today's topic. We can start from the class monitor.

4) The topic that they are going to discuss in on

A environmental disaster

B pollution

C recycling

**REPORT HEADLINE : UNLUCKY STUDENTS SPEND NIGHT IN CLASSROOM!**

Students and teachers at a secondary school had to spend their night in a classroom. It was due to heavy snow. The icy conditions were still causing problems all over the country today.

5) The report is talking about

A people facing hardship

B wild weather and its consequences

C students sleeping in the classroom

**THE STARS DON'T LOOK BIGGER BUT THEY DO LOOK BRIGHTER**

Want to see stars? Then visit us at our new ASTRONAUT MUSEUM!

We Are Open On Weekdays From 8.00-5.00pm. We Are Close On Public Holidays. During School Holidays Our Opening Hours Will Change. Always Keep Updated By Visiting Our Page.

6) The advertisement above indicates that

- A the museum is always open
- B the opening hours keeps on changing
- C the museum is all about stars

Edu: So we need a DVD player and a projector?

Sonia: Yes!

Edu: I am not sure. I think that's too much equipment.

Sonia: But we want the talk to be creative and interesting! You just want it easy Edu!

7) Sonia in the conversation seems to be upset with Edu because

- A she wants the talk to be enjoyable
- B she feels Edu is not doing his best
- C she feels that the talk will not meet her expectations

WHAT ARE THE SEVEN NATURAL WONDERS OF THE WORLD?

Want to know? Then stay tune with us. Watch our documentary 7.00pm tonight on TV43.

8) The documentary is going to be about

- A interesting places to visit during holidays
- B historical places
- C seven places that are labeled as wonders of the world

## Part 2 Error Correction

Read the text below and correct the underlined errors. For each question, write the correct word in the space provided.

### How to Make Ice Cream

Do you like ice cream? Maybe you always buy it at the store (9)and from an ice cream shop, but did you know you can make your own ice cream at home?

In the smaller bag, combine 1 cup of milk, about 2 tablespoons of sugar, and  $\frac{1}{2}$  teaspoon of vanilla. Close the top up tightly! Use your hands to squish the bag to mix the ingredients, or shake the bag. In the larger bag, combine (10)over 2-4 cups of ice and about  $\frac{1}{3}$  cup of salt. Put the smaller bag into the larger bag, making sure the small bag is still (11)closing tightly. Close the larger bag. If you (12)wants to keep your hands warm, put on the winter gloves or wrap the larger bag in a towel. Shake the bags (13)yet at least 5 minutes. Take a peek at the smaller bag to see if it (14)looked like ice cream, or if it's still liquid. If it looks like ice cream, (15)than you can take the smaller bag out of the larger one, pour the ice cream into a bowl, and enjoy your treat! If it still looks thin, shake the bag for a few (16) many minutes before enjoying.

### Part 3 Information Transfer

**Read the text below and answer questions 17 to 24. Choose no more than three words and or a number from the text for each answer. For each question, write your answer in the space provided.**

### Kitten's Choice

Kitten plays with her new toy. She loves her new toy. Her brother likes her new toy, too. When Kitten isn't playing with it, her brother takes it to play. Kitten is having fun. Then, she sees a mouse! She wants to chase the mouse. If she chases the mouse, her brother will take her toy. Kitten thinks.

She can only choose one thing to play with. If she picks the mouse, her toy will go away with her brother. If she picks the toy, the mouse will run away. Which one should Kitten pick? Kitten runs after the mouse.

She does not see a lot of mice, so that is more fun. She does not catch the mouse, but she has fun running after him. Kitten is happy with her choice.

### Part 4 Reading Comprehension

**Read the text and answer questions 25 to 34. Choose no more than five words and or a number from the text for each answer. For each question, write your answer in the space provided.**

### The Life Cycle

When you plant a seed, does it stay a seed forever? No! Plants and animals grow and change throughout their lives. Many plants begin as seeds. As the seed gets what it needs (water, sunlight, and nutrients from the soil), it begins to grow.

The seed turns into a little sprout. It keeps growing until it is a full-grown plant. Then the plant makes new seeds, so that new plants can grow even after the plant grows old and dies. Those seeds will then go through their growth process. Because seeds go through this process over and over again, it is called a life cycle. Animals also have life cycles.

A frog begins as an egg. When the egg hatches, it turns into a tadpole. The tadpoles grow legs and arms, and eventually grow into adult frogs. The adult frogs lay eggs, so that new frogs can live even after the frog grows old and dies.

A dog's life cycle is a little different than a frog's, because a dog does not start out as an egg. It is born from its mother's belly. The puppy keeps growing and is eventually an adult dog. Then the adult dog might have puppies to continue the life cycle! Insects like caterpillars go through life cycles, too.

Caterpillars begin as eggs. When they hatch, they are larva. The caterpillar becomes a pupa, and inside of the pupa it turns into an adult. The adult is not a caterpillar; it is a butterfly! Then the butterfly lays eggs, so that new caterpillars and butterflies can live even after the butterfly grows old and dies.

Plants and animals don't stay the same throughout their lives, they grow and change through their life cycle.
