## THE HELP I GET

Every Monday I go to do my grocery shopping with my mom. She says she likes going with (1)\_\_\_\_\_. too! We start by going to our farmer's market first. There, we buy many things for (2)\_\_\_\_\_. First, we buy seasonal fruits and vegetables and any additional plants. Usually, we run into some friends that mom has. One friend, Laura, is really nice and we really like talking to (3)\_\_\_\_\_.

Then, we move on to Walmart to buy some products that come in boxes. The boxes have many products inside, so we put (4)\_\_\_\_\_ at the back of our car. My uncle works there and we see (5)\_\_\_\_\_ arranging some things when he is there.

Last but not least, we move on to Costco and we really like (6)\_\_\_\_\_. When my mom and I go, people give (7)\_\_\_\_\_ free food samples and there are many things there too! We usually buy toilet paper, soap, and frozen things. When you go there, the things you find there consume (8)\_\_\_\_\_ because there are so many! My mom and I finish there and get back home and organize everything.
