

# MY BODY

Click to listen!

The principal parts of our body are head, trunk, arms, and legs. We have hair on the head. Between the forehead and the eyes, we find the eyebrows. We see with our eyes. Between the eyes and the mouth, we see the nose. We smell and breathe with our nose. The mouth has lips, teeth, and tongue. We eat, talk, drink, and smile with our mouth. We chew with our teeth and taste with our tongue. We have two ears for listening. We have two hands with ten fingers for carrying and writing. We also have two feet with ten toes for walking and running.
