Colegio La Asunción
First Grade
Unit 3

What does soda do to our teeth? Experiment

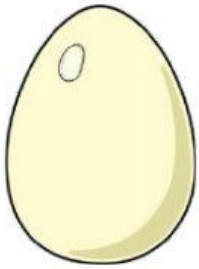

English competence:

- Students deliver brief recitations and oral presentations about familiar experiences or interests that are organized around a specific topic demonstrating a command of basic English and the organizational and delivery strategies.

Social and natural competences:

- Identify the parts and organs of the human body and perform actions in their environment to maintain body health and hygiene.
- Use the curiosity, personal experience, and knowledge of your community as a learning method.

Instructions: Choose the materials you think you need to make the experiment to prove your ideas.

an egg

a balloon

soda

sand

a glass

a box

a magnifying glass

water
