

WRITING: A DIARY ENTRY

Weekend

Just like every weekend, here's my routine!
On Saturday, I usually get up at nine o'clock. I always practise my keyboard for an hour and then I sometimes do gardening with my mum. After lunch, I always meet my friends. We go to the park or we sometimes go swimming. In the evening, I like reading and using the internet.
On Sunday, I hardly ever get up early.

I usually do crafts in the morning. I like making birthday cards for my friends. I sometimes make masks or paper hats for parties too. In the afternoon, I go out with my family. We usually ride our bikes and I'm always tired after.
I always watch TV in the evening. I like films and comedy programmes.
