Unit Test : Unit 1

Reading Comprehension

Hi! My name is Scarlet, and my twin brother's name is Matthew. We've been studying for exams for the last two weeks because we want to attend a really good university abroad. My science teacher, Mr Morris, has encouraged me to become a general practice doctor, but I think that job would be extremely stressful. However, it does have a very high starting salary, so maybe I'll consider it. In all honesty, I'm not sure what I'd like to do as a profession. Right now, I just want to concentrate on getting good marks in all my classes. My brother, however, knows exactly what he wants to do when he goes abroad. He's always been fascinated by computers, and he's been planning on starting a charity since he started secondary school! Matthew is convinced he can find a way to help individuals using technology. I think it's really incredible that he wants to make a difference in the lives of others. I hope one day I can help him to organise and manage his charity, but first we have to finish school!

Direction : Choose true or false.

1. The twins both want to go to a local university.	true	false
2. Mr Morris thinks Scarlet should be a doctor.	true	false
3. Scarlet is thinking about becoming a doctor.	true	false
