C. Correct the ten errors in Kelly's report card.

Name: Kelly Spencer

Subject: German

Kelly is a well student, but I am a little disappointed with her progress this year.
She does her work very carefully and slow, but she often doesn't finish. She is
also very quietly in class. I think she is anxiously about getting the answers
wrong. She is a smartly student, so she shouldn't be shyly. She should speak
confident, and try to work more quick. Then she can do good next year.
