IV. READING

Read the passage and decide whether the sentences are True (T) or False (F).

A visit to Scotland often begins in Edinburgh, the capital city of Scotland. Edinburgh is an old city with many important and interesting buildings. After London, Edinburgh is the second city for visitors in Britain.

If you come to Edinburgh by train from the south, the first thing you see when you leave Waverley Station is Edinburgh Castle. It stands high over the city. Soldiers in kilts take visitors around and tell them the castle's story.

Edinburgh is a hilly city but it is a good city to visit on foot. After the castle, you can visit more of the Old Town. Go down the Royal Mile to Holyrood house the Queen's home when she comes to Edinburgh. It is three hundred years old.

The five most populated cities today are Tokyo (35 million people), Mexico City (19 million), New York (18.5 million), Bombay (18.3 million) and Sao Paulo (18.3 million). In 1950 only Tokyo and New York had populations of more than 10 million people. By 2050 there will be 22 cities of that size. The United Nations' report concludes, "The current population picture is one of dynamic population changes, reflected in new and diverse patterns of childbearing, mortality, migration, urbanization and ageing. The continuation and consequences of these population trends present opportunities as well as challenges for all societies in the twenty-first century."
