

In the space below, write the unabbreviated electron configurations of the following elements:

Drag the correct electron configuration to the correct element below.

8
O
oxygen
16.0

11
Na
sodium
23.0

26
Fe
iron
55.8

35
Br
bromine
79.9

Drag the correct element to the correct electron configuration

16
S
sulfur
32.1

37
Rb
rubidium
85.5

51
Sb
antimony
121.8
