Sometimes I play video games (a) \_\_\_\_\_, but usually I play with my little sister. She's two years younger than me, but she's better than me. She always chooses a funny (b) \_\_\_\_\_, like a purple dinosaur or a talking penguin.

When we first started playing, I told her not to worry about the (c) \_\_\_\_\_. I didn't want to hurt her feelings when I won. But from the first time she picked up the (d) \_\_\_\_\_ and started playing, I knew I was in trouble. So now we play games where we don't (e) \_\_\_\_\_ against each other. We play (f) \_\_\_\_\_ instead. It's the only way I can win anymore!
