

**REFUERZO - SEGUNDO PARCIAL**  
**PRIMER QUIMESTRE**

**1. Relacione la imagen con el compuesto lineal respectivo**

Compuesto alifático lineal - insaturado

Compuesto alifático ramificado – insaturado

Compuesto alifático lineal – saturado

Compuesto alifático ramificado – saturado

**2. Relacione la imagen con el compuesto cíclico respectivo respectivo**

Compuesto homocíclico insaturado

Compuesto homocíclico saturado

Compuesto heterocíclico insaturado

Compuesto heterocíclico saturado

Compuesto aromático

**3. Relacione la imagen con el grupo funcional correspondiente**

Éter

Aldehido

Éster

Alcohol

Haluro de Alquilo

**4. Relacione la imagen con el grupo funcional correspondiente**

Amida

Amina

Nitrilo

Cetona

Ácido carboxílico

**5. Relacione la imagen con el nombre correcto del radical**

## Neopentil

terbutil

isobutil

secutil

### Isopropil
