# Planting Seeds

---

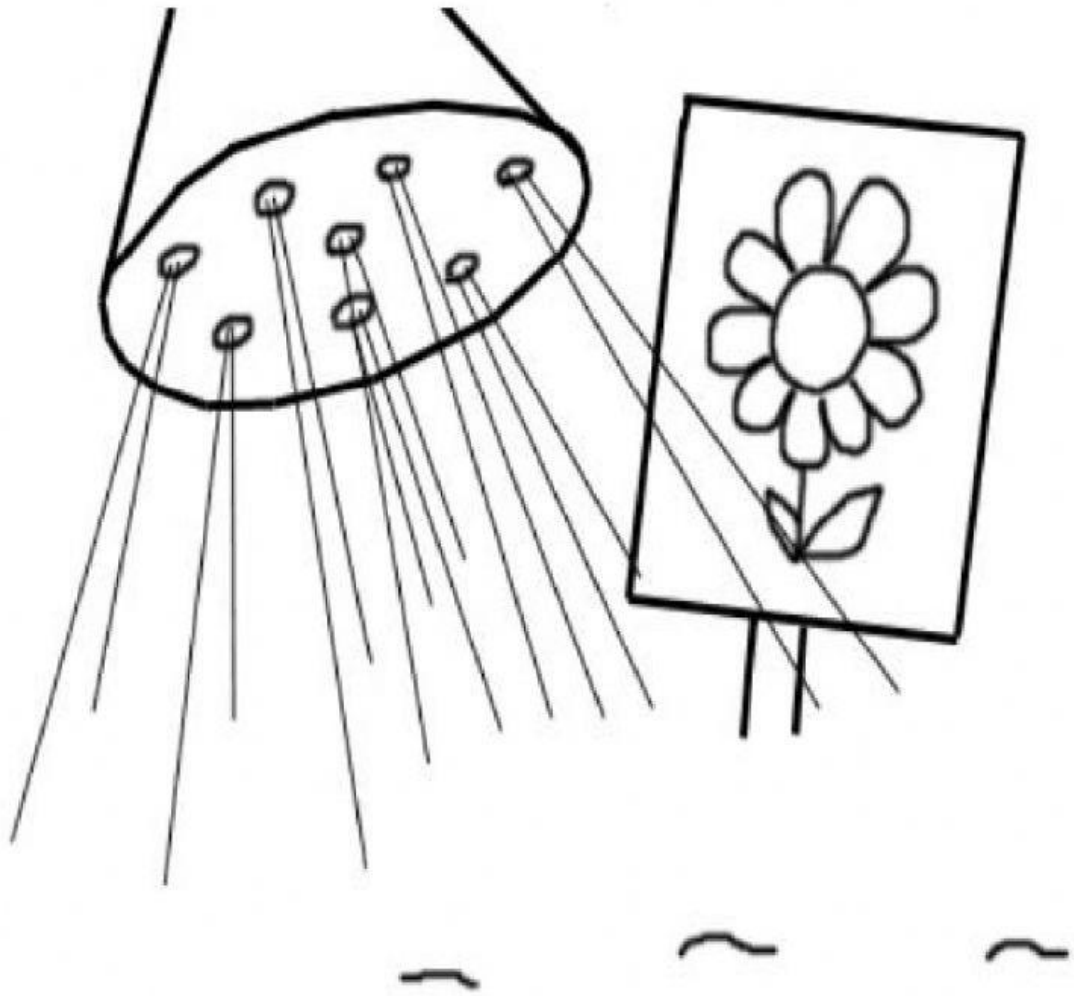

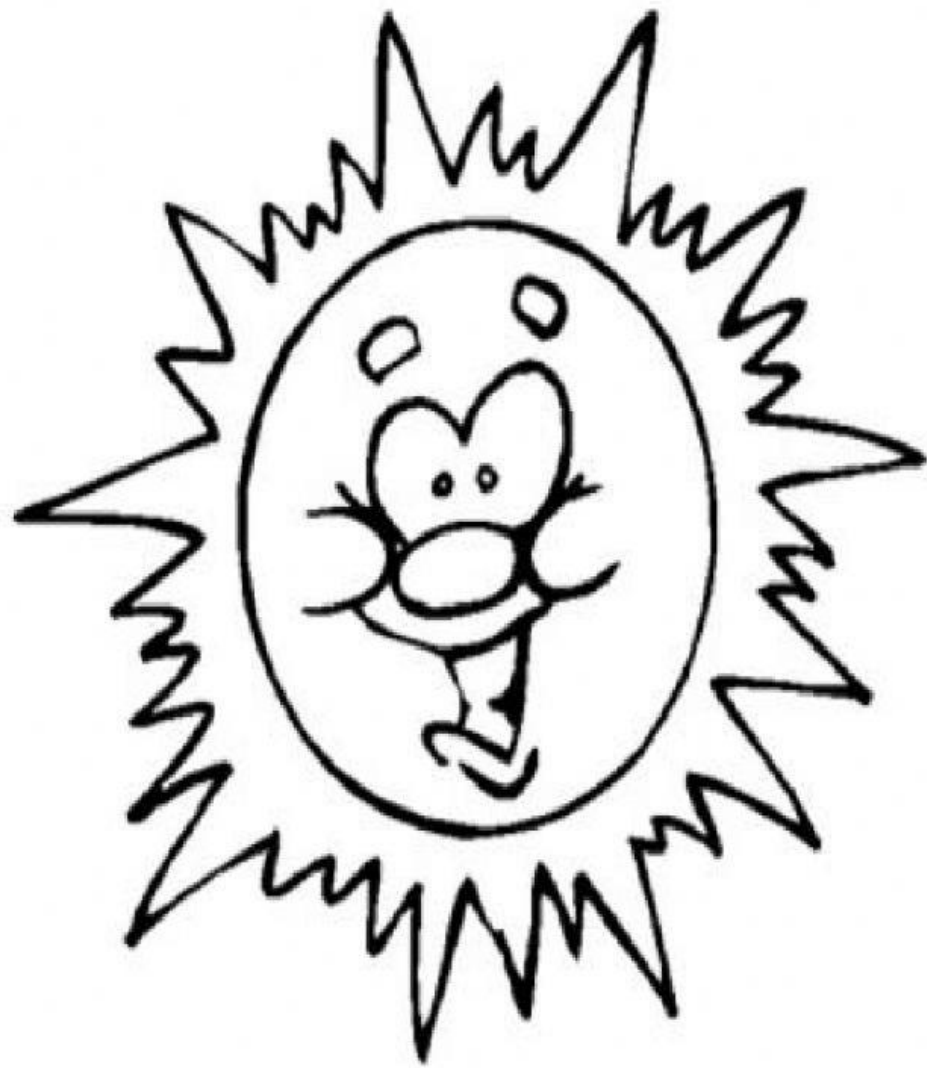

Plant a flat seed in the ground.  
Now you pat it all around.

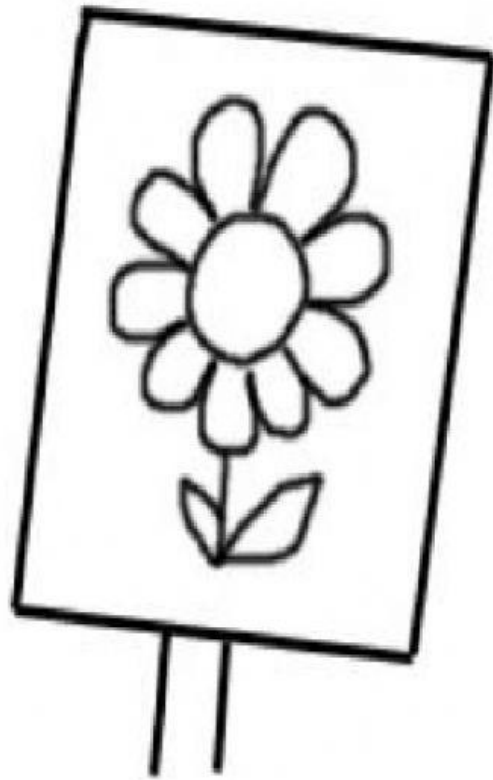

Use your hand to pat it flat.  
Place a marker where it's at.

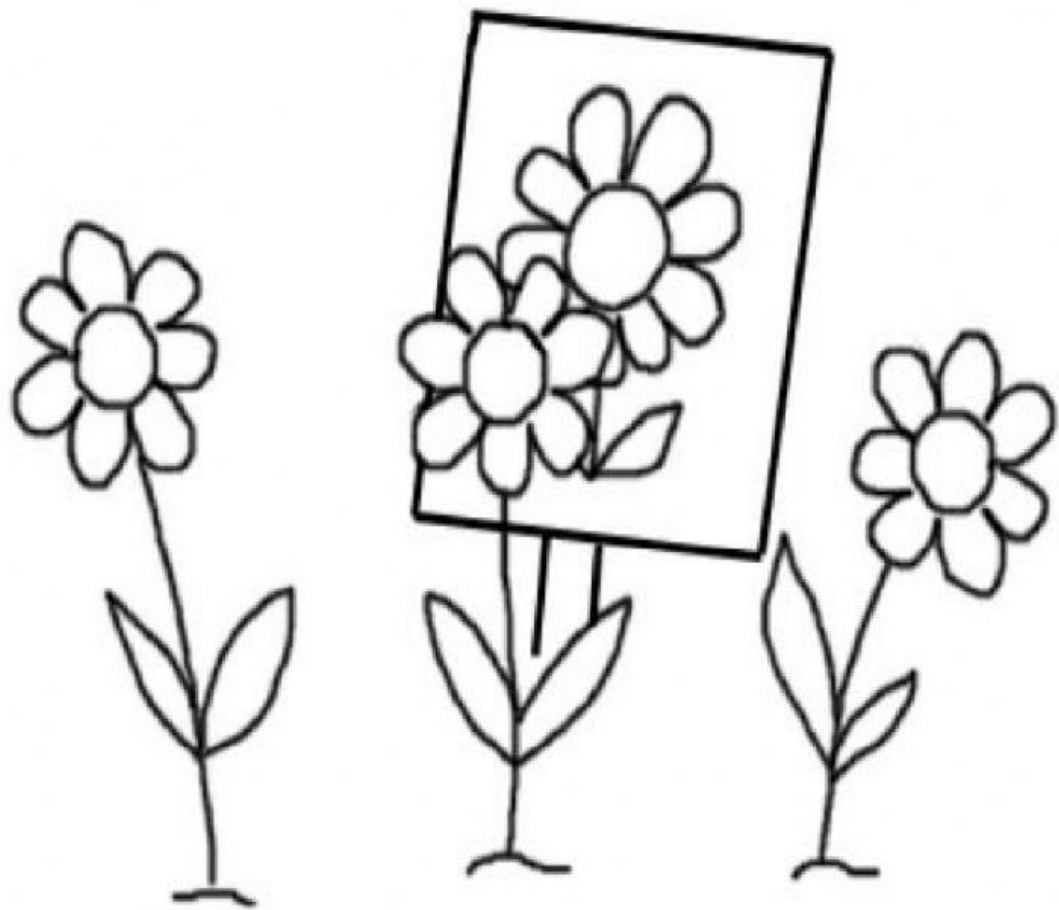

Water it and wait for sun.  
Planting seeds is always fun.

Water your seed every day.  
Leave it in the sun's bright ray.

Soon a little bud will show.  
When you see it, you will know.

Soon your seed a plant will be.  
Something nice for you and me.

**Fill in the blanks with the correct words from the WORD BANK.**
