

Float and Sink

Follow these instructions and do an experiment.

1. Collect 8 things that you can find in your house (given below in the table).
2. Prepare a small aquarium or a bowl.
3. Drop the 8 things into the small aquarium/bowl.
4. Key in the results in the table below.

- Note: Choose things that can get wet in the water. Ask your parents' permission first.

	Things	Float	Sink
1.	Plastic ball		
2.	Stapler		
3.	Nails		
4.	Paper		
5.	Plastic cup		
6.	Tissue paper		
7.	Blocks (toy)		
8.	Biscuit
