

Mathematics Year 3

Instructions : Solve the following.

(a) $2 \text{ hours} \times 5 = \underline{\hspace{2cm}}$ hours

(b) $8 \times 6 \text{ minutes} = \underline{\hspace{2cm}}$ minutes

(c) $3 \times 23 \text{ seconds} = \underline{\hspace{2cm}}$ seconds

(d) $4 \times 1 \text{ hours } 5 \text{ minutes} = \underline{\hspace{1cm}} \text{ hours } \underline{\hspace{1cm}} \text{ minutes}$

(e) $7 \text{ minutes } 22 \text{ seconds} \times 9 = \underline{\hspace{1cm}} \text{ minutes } \underline{\hspace{1cm}} \text{ seconds}$
