## Letter

My son went on holiday to Holland. It was a struggle to find the cash to send him, but in the end off he went with a bit of pocket s money.

On his first day there, he bought his younger brother and sister a present each -a dog that yaps and picks up paper and a clown which does tricks.

On the day of his departure, he was told to leave the **presents** in the hotel lobby with his luggage, so he tied the toys to his case.

When it came time to go home, the toys had disappeared. Can anybody imagine the disappointment on my son's face when he couldn't give his brother and sister their presents?
