

D: Imagine that the head teacher of your school has announced that computer class are now compulsory for all students in primary and secondary schools. Do you think is a good idea? Make a list of advantages and disadvantages in the table below. Do you think there are more advantages than disadvantage?

ADVANTAGES	DISADVANTAGES

- Students may not know the difference between reliable and unreliable resources.
- A resource that not all families can afford.
- Lack of integrity among students
- Reduces use of manual efforts in students
- Develops laid-back attitude in students
- Distraction from actual studies
- Smart development
- Improves academic performance and interest
- Technology helps children to stay motivated during the learning process.
- It creates new ways to learn for today's student.
- Encourages collaboration.
- Can make it easier to cheat.
- Could create medical problems for some kids.

Computer classes should be compulsory for all students in primary and secondary schools. Do you agree?
