READING FROM UNIT TWO!

Hi again students!!

How was your weekend? Mine was very interesting! I did a lot of things... all of which I can do while staying at home remember. I played chess with my dad because I like playing board games. I also played volleyball with my little brother because we live in a big plot of land and we have space to be outside. Do you like playing volleyball or basketball? What sports do you like playing? Do any of you do gymnastics? I used to do gymnastics when I was little because I liked it!!

I also learned to cook! My grandma loves cooking and she has taught me some recipes. My mum does not like cooking, so I have to learn everything from my grandma. I would love to hear about you!

Hope everything is going well, Iris

SELECT THE CORRECT ANSWER

Has Iris gone out to the street?

What does she like playing?

Iris has a sister

Does Iris play gymnastics now?

Iris' mum loves cooking
