IV. READING

Read the passage and then decide whether the sentences are True (T) or False (F)

All children should be physically active for at least one hour a day. Parents can help by encouraging their children to find activities they enjoy, and building physical activity into family life. Most children love running around a part or playing in a playground.

One reason why physical activity in childhood is so important is because it helps the child to maintain a healthy weight.

LIVEWORKSHEETS

But that's not the only reason: physical activity is part of the way children discover the world, and themselves. it helps build strong muscles and healthy bones, as well as improve self-confidence.

You can find advice on eating well and getting active as a family on theChange4Life website.
