1 What do you know about recycling? Listen and read. 

Science

## Help the Earth - Recycle!

Recycling is using something you don't need any more to make something new. This helps the Earth because we don't make so much rubbish.

We can't recycle everything, but we can recycle metal, paper, glass and plastic. For example, we can recycle empty metal cans of soft drinks, boxes and glass bottles. We can use old plastic bottles to make new bottles and also shoes and clothes.

Everyone can recycle: just put metal, paper, glass and plastic in the recycling bins, not in the rubbish. So, next time you clean your room, think: What can I recycle?

VALUE

Help protect the environment.

### Project work

Use the Internet to find information about recycling. Select the information you think is interesting/important and use it to make a PowerPoint presentation.

plastic

There is **someone** at the door.  
There is **something** on the table.  
**Everyone** can recycle.  
We can't recycle **everything**.

**2** Read again and write T for True or F for False.

1. Recycling is making new things from old things.
2. Recycling makes rubbish.
3. We can recycle everything.
4. We can recycle metal, paper, glass and plastic.
5. We can make shoes from old jars.
6. We can make clothes from plastic bottles.

**Our world**

**1** Match objects 1-6 with the correct recycling bin.

1.

2.

3.

4.

5.

6.

a.

b.

c.

d.

Arrows indicate the following matches: Object 1 to bin a (PAPER), Object 2 to bin c (GLASS), Object 3 to bin d (PLASTIC), and Object 4 to bin c (GLASS).

## Find 10 things we can recycle.
