10 **Read Jill's diary. Then answer.**

It'll be the last day of my holiday tomorrow. The weather will be good so I'll spend the day out in the mountains with my family. We will have time to climb the highest mountain. We haven't climbed that yet. I will have to wear my hiking boots. It will take about five hours to climb the mountain. I could pack my bags in the evening when we get back, but I might leave it until the morning! We'll have lots of time.

What else could I do before we go? I could look online to check the plane will be on time. And I'll need to get a few more presents to take home for my friends and family. I hope they'll fit into my bag! I could ask my mum to put something in her bag if there's not enough space in mine! Okay. I'm going for a swim now. I'll sort everything else out later!
