

Números del 90 al 99

① Arrastra las decenas y unidades para representar cada número.

The image shows base ten blocks and a place value chart. The blocks are arranged to represent the following numbers:

- 12: 1 ten rod and 2 unit cubes.
- 45: 4 ten rods and 5 unit cubes.
- 71: 7 ten rods and 1 unit cube.
- 26: 2 ten rods and 6 unit cubes.
- 63: 6 ten rods and 3 unit cubes.
- 90: 9 ten rods.

The place value chart has two columns: Tens (D) and Units (U). The numbers are written in the corresponding columns:

D	U
1	2
4	5
7	1
2	6
6	3
9	0

② Escribe el número que representa.

The image shows four place value charts with base ten blocks representing different numbers. The numbers are written in the corresponding columns:

D	U
3	4
1	9
8	0
0	8

③ Escribe la decena anterior y la siguiente.

The image shows a number line with a fish in the center. The numbers are written in the corresponding boxes:

Anterior	Actual	Siguiente
10	20	30
40	60	80

4 Escribe el número.
