

### The Passive: Impersonal and Personal Structures

We often use verbs like **believe, consider, know, expect, say, report, suppose** and **think** in the passive voice. They can be used when in an impersonal or a personal passive structure.

We form the **impersonal passive** structure with **it + passive verb + that + clause**

◊ Active voice = *Many people believe that magazines should be cheaper*

● Passive voice = **It is believed that** magazines should be cheaper.

We form the **personal passive** structure with **noun + passive verb + full infinitive**

◊ Active voice = *Many people say that teenagers spend too much time surfing the Net.*

● Passive voice = **Teenagers are said to spend** too much time surfing the Net.
