WOLVES

In your lies eyes, there's a heavy blue
One to love, and one to lose lost
Sweet living divine, a heavy truth throught
Water or vine wine, don't make me choose.

I wanna feel the way wait that we did that
summer light night, night
Drunk on a feeling, alone with the stars space in
the sky

I've been running owning through the jungle
I've been running meet with the wolves
To get to you, to get to you
I've been down the darkest madys alleys
Saw the dark side site of the moon
To get to you, to get to you

I've looked for all love in every stranger
Took too much to ease erase the anger
And All for you, yeah, all for you

I've been running round through the jungle
I've been crying lying with the wolves
To get to you, to get to you, to get to you

Your fingertips lace trace my skin
To places I have had never been
Blindly Wingly, I am following
Break down these walls falls and come on in
