

VOCABULARY Ethical food choices

A **7.2** Complete each definition using the words in the box. Watch and check your answers.

fair trade
locally produced

free-range
genetically modified

organic
sustainable

- 1 _____ food is grown naturally, without using any special chemicals.
- 2 On _____ farms, animals are not kept in cages and can move around.
- 3 _____ food is grown using technology to change the food's size, color, taste, etc.
- 4 _____ food production aims to provide better trading and working conditions for farmers in developing countries.
- 5 By choosing _____ food, you minimize the distance the food needs to travel. This helps the environment.
- 6 _____ food production aims to preserve the world's natural resources for the future.

B Which of the things in **A** do you consider when you buy food? Discuss with a partner. Explain your answers.

To be honest, I only really think about the quality and price.

I always consider whether the food I buy is locally produced or not. I like to support local businesses.
