TASIK KENYIR

WATERFALLS

There are many spectacular waterfalls here. Among them:

Saok – 15-minute boat ride from Pengkalan Gawi. Cascading waters over its rocky terraces and boulders and a flat sandy area at ground level, making it perfect picnic spot for a whole family.

Tembat – Unlike Saok and Lasir, Tembat Waterfall is actually composed of five rapids with first flowing cascades. With a large camping area, it is a popular destination for campers.

HILLY REGIONS

The hilly regions of Tasik Kenyir are a world of virgin tropical jungle estimated to be millions of years old. Outdoor activities like jungle trekking are highly recommended. One of the most popular trails is Mount Gagau. Trekkers are advised to engage a jungle guide.

Among the other peaks in Kenyir are the Bongsu, Tembat and Gajah Terom. At present there are no facilities on the other peaks except for Mount Gagau where base camps and hiking trails have been set up.

LAKES AND RIVERS

Tasik Kenyir is known as an angler's haven where fishing is concerned. Hundreds of species of fish like the Kelisa, Kelah, Toman and Lampan, just to name a few, are found in abundance. Good fishing spots are at Cacing and Leban. Please be informed that a fishing permit is required from the Wildlife Department.

CAVES

The Tok Bidan cave which is now under water is the site where archeologists and historians have uncovered artifacts such as kitchen utensils, axes and tools dating back to the Neolithic era.

Inside the Taat and Bewah caves, extraordinary stalactites and stalagmites await the explorer. It is advisable to bring torchlight when you go exploring.
