I love going out with my sister, I will tell you about her.

2 a) Read the text and choose a correct title for it.

Elegir el mejor título, de las opciones de abajo.

My name is Mia, I am 15 years old. The girl in the picture is my sister Kenya. She is 16 years old. She is my sister but she is also my best friend. We also have a brother called Bruno, he is 7 years old. We live in a cabin in a small town.

We both attend High School so we usually study and do homework together. In our free time we like to watch movies, we listen to music and we also do sports. I play voleyball and she plays football. We both love animals but we don't have a pet because our mom doesn't like animals. My sister would love to have a rabbit as a pet in the future.

She wants to be a famous fashion designer when she grows up, she is very good at drawing. Kenya is very intelligent, she loves maths and she enjoys listening to music, her favorite singer is Billie Eilish.

My sister is not very tidy, she is creative, active and very curious, but she is not tidy at all, her bedroom is usually a mess.
