## SECTION B

### Question 16 - 25

Read about Siti's shopping list. Fill in the information below.

Siti went shopping at Hypermart Gadong on 5<sup>th</sup> June 2020. It was 10am when she arrived at the shop. She took 3 packets of Instant Noodle at the dried food corner. On her way to get the Softlan, she just remembered to grab 2 packets of curry powder at a price of \$2.50 each.

Lavender Softlan was Siti's favourite softener. Usually, she bought it at a price of \$9.00 but this time it had 10% discount so she got two bottles of them. She then went to buy 5 kilos of carrots. She asked the assistant shopkeeper to weigh them. Fakhrul put on the price sticker "\$.6.25" and gave the carrots to Siti.

She went to pay her grocery at counter 4. Oh my! She forgot her shopping bag so she had to buy 2 shopping bags. The cashier was a nice young girl. Siti handed over \$50.00 cash. Liya gave Siti her change and her receipt. Immediately, Siti looked at the receipt and smiled and said, "EXACTLY 30 minutes!!!" 😊
