Lindopark Primary: Mathematics: Grade 3 Term 2: Week 3: Thursday

Subtract

Difference

Take

Less

Decompose both numbers into (H + T + U/(Ones))

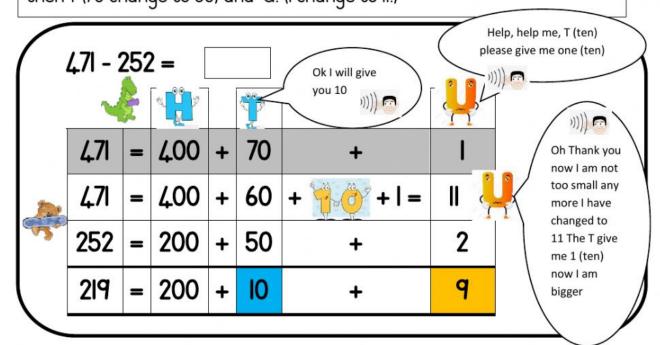

Look careful: I can not say I minus 2

(I-2) because if I have I I can not take away 2,

So what will I do?

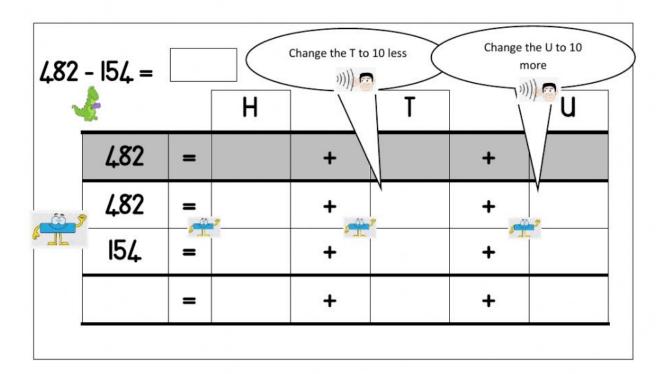

I will ask the Ten for one, (IO) So the ten will change to ten less.

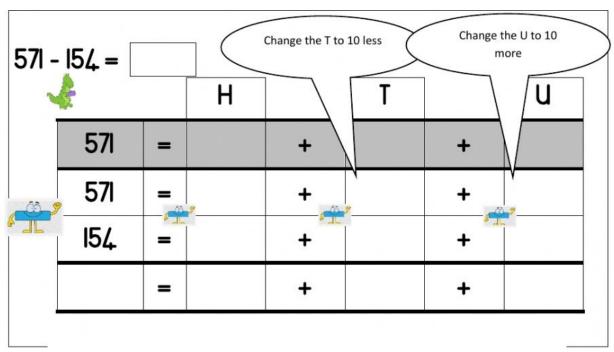

And the Ones will have ten more. The H will stay now the same (400) then T (70 change to 60) and U: (I change to II.)

Use this method to calculate your answers.

373 - 254 =				hange the T to 1 (70 change to 6	Change the U to + 10 (3 change to 13)		
			Н	")))	T)))))	u
	373	=	300	+ \	70	+	3
	373	_	7	+		+	Y
	254	=		+		+	
		=		+		+	

Choose / select the correct answer 4 X

3 × 4 =	12	5	2 × 4 =	4	8	8 × 4 =	32	12
7 × 4 =	21	28	5 × 4 =	20	15	11 × 4 =	22	44
