

Name : _____

Class : _____

Rounding to the nearest 100

To round a number to the nearest 100, look at the tens digit. If the tens digit is **5 or more**, round **up**. If the tens digit is **4 or less**, round **down**.

- The tens digit in 3281 is 8. So we round it up to 3300.
- The tens digit of 3216 is 1. So we round it down to 3200

Round off each of the following to the nearest hundred.

1. $216 \approx$ _____

11. $1265 \approx$ _____

2. $125 \approx$ _____

12. $2014 \approx$ _____

3. $502 \approx$ _____

13. $5026 \approx$ _____

4. $872 \approx$ _____

14. $4158 \approx$ _____

5. $340 \approx$ _____

15. $7902 \approx$ _____

6. $359 \approx$ _____

16. $8048 \approx$ _____

7. $985 \approx$ _____

17. $7568 \approx$ _____

8. $997 \approx$ _____

18. $7620 \approx$ _____

9. $516 \approx$ _____

19. $9045 \approx$ _____

10. $940 \approx$ _____

20. $9950 \approx$ _____
