Meet Paddy, the teen tennis coach

Hi, my name's Paddy and I'm a tennis coach. I teach children from the age of five. When they start, most children can't hit the ball at all – it goes everywhere! Some of the children I'm teaching at the moment couldn't hold a racket properly when they started. It's great to see them improve. I find coaching quite easy, but big groups of kids can be difficult to control. Luckily, I always work with an adult – I can't teach on my own yet because of my age. I think I'm a better coach now than I was a year ago. I could explain things well, but at first the children didn't listen to me because I talked too much! Now they can understand me better because my instructions are clearer and simpler. The funny thing about the little kids I teach is that they ask loads of questions! They want to know all about me: 'What's your favourite food?' 'Can you play the guitar?' Sometimes they ask too many questions!

'The ball's in your court' means 'it's your decision now'.
