### What friends are totally opposite?

My group of friends is interesting. They are very different. I don't understand how we have been friends for so long.

**Martha** is considerate and fair, but sometimes she is impatient. **Marco** is mature and patient, but sometimes he can be disagreeable. **Nico** is reliable, but Nico's brother, **Luca**, is very different. Luca's unreliable and unfair.

**Luca** and **Marcia** get along very well, both are unreliable and inconsiderate. We never hang out with them.
