PARALLEL, PERPENDICULAR AND INTERSECTING LINES

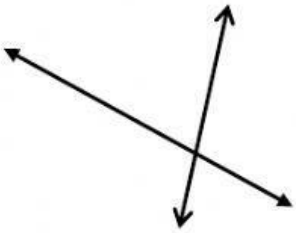

Part One.

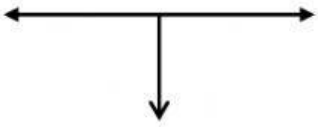

Identify the following given pair of lines as **parallel, perpendicular** or **intersecting.**

1. 

2. 

3. 

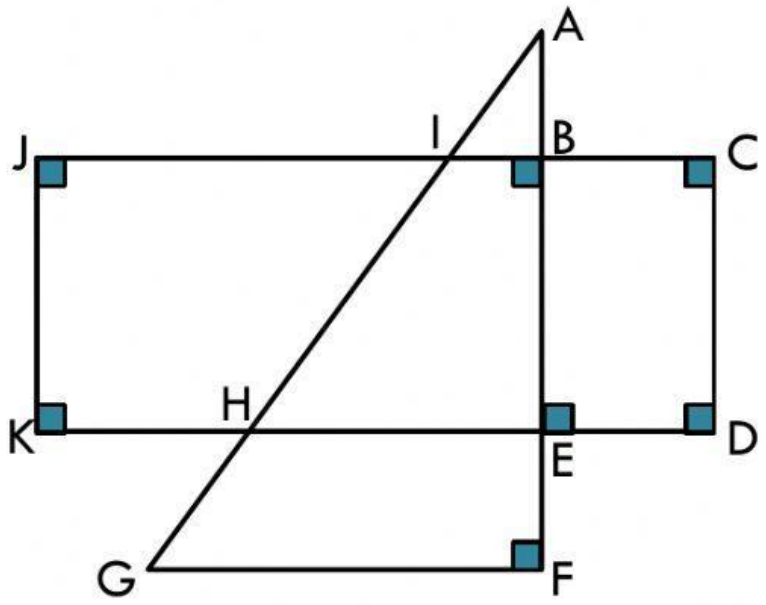

4. 

5. 

LIVEWORKSHEETS

Part Two.

Study the diagram below and then **identify** the given pair of lines as **parallel, perpendicular** or **intersecting.**

1	Line **HE** and line **GF** are
2	Line **BI** and line **BA** are
3	Line **GA** and line **KD** are
4	Line **FA** and line **JC** are
5	Line **BE** and line **CD** are
6	Line **KE** and line **GF** are
7	Line **CI** and line **AF** are
8	Line **BJ** and line **HA** are
