Nombre: _____ Fecha: _____

Español _____: Hora: _____ Chrome Book Accents Set-Up

Please follow these steps in order to allow your Chromebook to type accents.

These are the steps to follow to add the International Keyboard to the Chromebook in order to type accents.

1. At the bottom right, select the time.
2. Select Settings ⚙ Scroll down and Click Advanced
3. In the "Languages and input" section, select Input method
4. Click US INTERNATIONAL KEYBOARD
5. It should now read INTL next to the time.
6. In the upper right-hand corner of the settings window, close the window by clicking X

Please type the following keys using the right-side ALT button and the letter.

¡

¿

á

é

í

ó

ú

ñ

Activate Caps Lock or hold the Shift Key & make the following accented capital letters by using the right-side ALT button and the letter.

Á

É

Í

Ó

Ú

Ñ
