- 7.- Tim / play / basketball / will / tomorrow ? _____. _____.

III. - Read the text and answer “TRUE” OR “FALSE” according to the text. (6 pts)

In the future, there will be hotels in space-and on the Moon too! Space hotels will look like big wheels, and will have everything that you find in normal hotel, private rooms, restaurants, sports facilities, even a swimming pool. There will be great views of all the planets and stars from the restaurants. After dinner, people will go for a walk, a spacewalk, of course!

There will also be hotels on the Moon. Entrance to a “Lunar Hotel” will be on the surface of the Moon, but most of the hotels will be about 20 or 30 meters below the surface. There will be a hundred large rooms for guests, and one wall in each room will be a big television. People will watch TV programs from Earth, and there will also be views from space. Lots of people will work in the hotel, and go back to Earth to see their families every month. The hotel will grow food in special tents on the Moon’s surface, and machines will do all the cooking and cleaning. It will be the holiday of a lifetime, but it will be very expensive. Experts say that a five-day holiday in the first space hotels will cost about \$250,000!

- 1.- _____ Space hotels will be very different from normal hotels.
- 2.- _____ People will walk in space from the hotel.
- 3.- _____ The entrance to the hotel on the Moon will be under the surface.
- 4.- _____ The rooms in the hotel will be quite and small.
- 5.- _____ Machines will do all work in the hotel.
- 6.- _____ A five-day holiday in a space hotel will cost about a quarter of million dollars.

IV. - Answer the questions according to the text. (6 pts)

1.- What will the space hotel have in the future?

2.- What will people do after dinner?

3.- Where will the entrance of the “Lunar Hotel” be?

4.- When will people who work in the hotel see their families?

5.- How will food grow?

6.- How much will the hotel cost?

V. - Write 6 sentences about how you imagine the life in the future..... (6 pts.)

1.- _____.

2.- _____.

3.- _____.

4.- _____.

5.- _____.

6.- _____.
